## EXPERIENCE

---

### [Google Developer Student Club](#)

*General Affairs Manager*

Sep 2023 - Present

*Core Team Member in Web Design Group*

Mar 2023 - Jun 2023

- Learned how to build a project with Vite, Vue.js, and Tailwind CSS, then collaborated with front-end developers by building my side project "2023 Bike Festival Website".
- Oversaw all financial operations of the club, including budgeting, forecasting, and financial reporting, managing a budget of TWD\$50,000 this year.

### [Blockchain Club](#)

*Vice Officer of Academic*

Mar 2024 - Present

*Member in Tech Group*

Sep 2022 - Jan 2023

- Gained a basic understanding of Solidity programming language for smart contract, and knowledge about **blockchain, cryptocurrency, and decentralized finance (DeFi)**.
- Organized and collaborated on writing for 6 seminars, resulting in comprehensive and engaging educational materials that were accessed by over 40+ participants.

## SIDE PROJECT

---

### [2023 Bike Festival Website 16th](#)

*Front-end Developer*

Jan 2023 - Mar 2023

- Led a 3-person front-end team (including myself) to develop the website using **Vite, Vue.js, and Tailwind CSS**.
- Implemented user-friendly features that enhanced the overall user experience, resulting in **32,000+ users and an average browsing time of 1 minute 43 seconds per session**.
- Acted as a liaison between the project manager (PM) and back-end development team, ensuring seamless integration of front-end and back-end functionalities.
- Conducted code reviews and provided mentorship to junior developers with sharing some learning materials, improving code quality and team collaboration.
- Integrated google analytics to track user behavior and gather insights, which informed subsequent updates and improvements.
